

## NEW WING OF HOSPITAL OPEN

Informal Ceremony at the University of Virginia.

### SOME DISTINGUISHED GUESTS

Luncheon Was Served on the Main Floor of the Building.

(Special to The Times-Dispatch.) UNIVERSITY OF VIRGINIA, VA., Feb. 15.—The medical faculty had as its guests to-day quite a number of graduates of the University Medical School, the occasion being the informal opening of the new wing of the hospital, erected during the past year at a cost of \$25,000.

Invitations to the opening were sent to every graduate of the University Medical School now living in the State, to all the physicians of the surrounding counties, whether alumni or not, and to two scores or more of alumni from a distance. Of the prominent alumni from a distance, the following were present: Dr. George Tully Vaughan, of the University of Virginia; Dr. W. E. Hopkins, of the University of California; Dr. William L. Estes, of South Bethlehem, Pa.; and Dr. George Ben Johnston, of Richmond. Dr. Charles C. Barrows, of Bellevue Hospital, New York, and Dr. Hugh Young, of Johns Hopkins, were also present. Accepting invitations to be present, but who were unable to come.

LUNCHEON SERVED. The guests met at the hospital at noon. To inspect the building and its equipment, a P. M. luncheon was served in the main floor of the new structure. This was enjoyed by the one hundred physicians present. All speeches were made at the table. President Alderman presided, and introduced the speakers. Dr. Paul B. Barringer, chairman of the Hospital Board of Control, made an interesting report of the institution and outlined its policy.

Among those seated at the tables were President Alderman, Dr. George Ben Johnston, of Richmond; W. E. Hopkins, of San Francisco; C. W. P. Brock, of Richmond; William L. Estes, chief surgeon of St. Luke's Hospital, South Bethlehem, Pa.; G. Mason Magruder, of the United States Marine Hospital service; Williams, Southern Railway surgeon; D. L. Dillard, Albermarle; R. W. Garnett, Rapidan; J. T. Walker, Barboursville; J. M. Williams, North Garden; W. S. Andrews, Alexandria; W. B. Phillips, Rappahannock; J. Lloyd, Jr., Lynchburg; E. Roland Mulford, North Garden; A. W. Plunkerton, Albemarle; A. B. Wayland, Crozet; William J. Crittenden, Unionville; Francis T. Ridley, Huntington, Va.; R. L. Page, Staunton; J. E. Powell, Ruckersville; R. S. Griffith, Basic City; Francis L. Thurman, Keswick; H. S. Chelf, Culpeper; Samuel Lile, Lynchburg; W. C. Williams, of Scottsville, and J. W. Smith, Miller School.

DR. ALDERMAN SPEAKS. In his brief remarks, introducing the first speaker, Dr. Alderman paid a tribute to the medical profession in general. Doctors are, he said, the high priests of society, and they exhibit a kind of chivalry we see little of in the world. Dr. Barringer, he said, in presenting them, had introduced the "warrior" of the hospital movement here, though, he continued, this is not the only way in which he has given the University the benefit of his constructive ability and devotion to service.

Dr. Hopkins, who followed Dr. Barringer, spoke on "Our Alumni in the West." Dr. Hopkins is a native of Winchester, and graduated from the University in '79. He has met with great success in his profession in the West, and it is said he has made many dollars a year for six consecutive years. He is now on his way to Europe. Dr. Hopkins brought the hearty greetings and good wishes of California alumni, and spoke briefly of the success attained by the University graduates in that section. He then referred to what in his mind were the distinguishing characteristics of University of Virginia graduates—the element of personal honor and integrity, which is instilled into the student. To this one quality alone, he said, we owe the dear old school our lasting gratitude.

DR. GEORGE BEN JOHNSTON. Dr. George Ben Johnston spoke of the pleasure afforded him of giving his approval to what the University is doing in the medical world. While he never graduated from the University, he felt that his success was due to his sons here. He said he had been a student of the University, and there is no success that would befall her in which I would not heartily rejoice. After referring to the cordial relations existing between the Medical College of Virginia and the University, Dr. Johnston spoke of the value of the hospital to the community in a commercial as well as humane sense. This idea should be promulgated until we can enlist the sympathy of the community. No hospital known to him, he said, had ever been self-sustaining. Legislative aid should also be sought after. Virginia is far behind in this respect in caring for the sick and indigent suffering. Where could he find a more useful place to spend the State revenues than in this and similar hospitals for the maintenance of free beds.

DR. ESTER. The last speaker of the afternoon was

## CATARRH

Cannot be cured by Sprays or other Local Applications.

Catarrh is not, as is generally believed, a local disease, but is due to venous causes deep-seated in the blood. Blood Taint and Lowered Vitality are the conditions which give rise to Catarrh and sprays, washes, smoking preparations or other local remedies cannot do more than temporarily relieve the symptoms and can never reach and cure the disease itself. Many doctors direct their efforts to relieving the mere symptoms of Catarrh, treating it as a strictly local disease and totally losing sight of the real causes that underlie the outward signs of this malady. Catarrh, if not promptly arrested and cured, may cause consumption or lead to very serious diseases of the digestive organs.

Botanic Blood Balm (B. B. B.) cures Catarrh quickly, thoroughly and permanently. Its curative properties act directly on the blood, driving out the impurities, purifying and strengthening the whole system. It relieves immediately the disgusting symptoms of Catarrh, such as hawking, spitting, nose bleeding, ringing in the ears; the dropping of catarrhal matter into the throat, stomach, etc. It absolutely and permanently cures all forms of Catarrh—Catarrh of the Nose, Ear, Throat, Eyes, Lungs, Stomach, Liver or Kidneys. If you have any of the symptoms of Catarrh, don't waste time and money on worthless local remedies, but get B. B. B.—the medicine that is guaranteed to cure.

Botanic Blood Balm (B. B. B.) is sold by all druggists. Price \$1.00 per large bottle. If taken in sufficient quantity according to directions on label and not cured, money is refunded. Write for free book containing valuable medical advice and the history of many remarkable cures made by B. B. B. Manufactured by BLOOD BALM CO., Atlanta, Ga.

## DISFIGURING HUMORS

## CUTICURA

Of the Skin and Scalp Speedily Cured by Baths with CUTICURA Ointment to instantly allay itching, irritation, and inflammation, and soothe and heal, and mild doses of CUTICURA Pills to cool and cleanse the blood. A single Set, costing but One Dollar, is often sufficient to cure.

Sold throughout the world. CUTICURA Soap, 25c. Ointment, 50c. Pills, 50c. per set of 100. Depot, London, 27, Chancery Lane, E.C. 4. Paris, 2, rue de la Paix. Boston, 100, Columbus Ave. New York, 100, Broadway. Sole Agents, The Great Humors Co.

Dr. Estes, one of the most eminent physicians in the University, expressed the profoundest interest in his alma mater. The success of the University's medical graduates was due, he said, not only to the sense of personal honor instilled in the student, but to the sense of profound learning. While I welcome this manifestation of practical work, said Dr. Estes, I hope the old idea—the teaching of what is called the fundamentals, the philosophy of medicine—will not be forgotten. The function of this University should still be to teach men the fundamentals upon which they can build their future work. Thoroughness should continue to be the watchword.

### TRAIN SIDEWIPED.

Postal Clerk Thrown Among Mail Racks and Injured.

(Special to The Times-Dispatch.) RICHMOND, VA., Feb. 15.—A wreck on the main line of the Norfolk and Western, near Bedford, Va., blocked traffic for four hours this morning. An eastbound mail train sideswiped a westbound mail, the latter was entering a siding. The engine of the eastbound train was badly damaged, and the Pullman of the other wrecked. Postal Clerk Deane, of Washington, was painfully injured by being thrown into the mail racks in his car, and he was relieved here.

### A BAD PLIGHT.

The Northern Neck Cut Off From Mail Facilities.

(Special to The Times-Dispatch.) WARSAW, VA., Feb. 15.—The mail facilities of this section are fearful, a portion of which is brought into the open, and it is a disgrace to any civilized community. Through the Postoffice Department yesterday morning at 7 o'clock, reached Kinsale to-night after a rough voyage. The steamer Middlesex, which reached Kinsale yesterday, was wrecked with a like experience. Tappanhook could not be reached, owing to heavy ice. It is doubtful if either steamer will be able to proceed further until the weather moderates.

### ON NORTHERN NECK.

Baltimore Steamers Have Rough Voyage and Tie Up for Night.

(Special to The Times-Dispatch.) WARSAW, VA., Feb. 15.—There has been a great fall in the temperature here to-night, and the wind is blowing a gale. The steamer Middlesex, which arrived at Kinsale yesterday, is being towed by a tugboat. The steamer Middlesex, which arrived at Kinsale yesterday, is being towed by a tugboat. The steamer Middlesex, which arrived at Kinsale yesterday, is being towed by a tugboat.

### THE GALVESTON COMMISSIONED

The Cruiser Was Partially Built in the Trigg Shipyard.

WAS FINISHED AT NORFOLK

The Crew Lined Up on Deck and Commander Cutter Takes Command.

(Special to The Times-Dispatch.) NORFOLK, VA., Feb. 15.—The United States cruiser Galveston, partially built at the Trigg Shipyard, in Richmond, and completed at the Norfolk Navy Yard, was placed in commission here this afternoon with the ceremonies usually accompanying naval events. The ship's entire crew of 281 men were lined up on deck, when the naval training station at this yard went aboard the new craft two days ago, and the ship's accounts were also transferred from the receiving ship Franklin so that everything was in readiness to-day for the brief ceremony of placing the vessel on the active naval register. Commander William G. Cutler, United

States navy, formerly in charge of the United States Lighthouse Department of Porto Rico, will assume command of the Galveston, with the following staff of officers: Lieutenant-Commander John F. Bulley, Lieutenant Henry E. Lacey, Passed Assistant Paymaster G. P. Auld, Paymaster's Clerk N. B. Olsen, First Lieutenant Austin C. Rogers, C. S. M. C. Boatwain John McCloy, Acting Carpenter C. E. Richardson, Acting Gunner E. Cheney, Lieutenant Warran, Mechanist Oscar Bernstein, E. G. Higgins, A. W. Hawley, August Anschuetz.

### DESCRIPTION OF GALVESTON.

The vessel has a length on the load water line of 222 feet; length over all 208 feet 9 inches; extreme breadth 44 feet; mean draft, 16 feet 9 inches, and a corresponding displacement at this draft of 3,500 tons. The propelling machinery consists of twin screw vertical inverted cylinder, direct acting, triple expansion engines of 4,600 indicated horsepower for an estimated speed of 16 1/2 knots. The coal bunkers have a capacity of 700 tons, which will permit a steaming radius at full speed of about 2,500 knots, and at a speed of 10 knots this vessel will be able to steam about 7,000 knots without refueling. This latter would cover a continuous passage from San Francisco to Manila.

### THE CRUISER GALVESTON.

The coal bunkers have a capacity of 700 tons, which will permit a steaming radius at full speed of about 2,500 knots, and at a speed of 10 knots this vessel will be able to steam about 7,000 knots without refueling.

This latter would cover a continuous passage from San Francisco to Manila.

The armament of the Galveston consists of a main battery of ten 5-inch rapid-fire guns, and a secondary battery of eight 6-pounders, two 1-pounders, and four Colt's automatic guns. The ammunition supply for the batteries was unusually large and includes 20 rounds for each of the 5-inch guns, and 600 rounds for each of the 6-pounders. The ammunition hoists are arranged for supplying this ammunition to the guns with the utmost rapidity.

The complement of the Galveston consists of 281 men, including 25 marines. Accommodations are also provided for the captain, 12 ward-room officers, 10 junior officers, and four warrant officers in addition to the crew.

### GILES DEMOCRATS.

State Senator P. F. St. Clair Endorsed for Re-election.

(Special to The Times-Dispatch.) PEARISBURG, VA., February 15.—The Democrats of Giles county, in mass meeting here Monday, instructed the delegates by resolution to vote for State Senator P. F. St. Clair for re-election. Senator St. Clair stated to the convention that he would not be a candidate for re-election, but it is hoped that he will reconsider his present determination and become the candidate of the party in the next senatorial election.

Judge Martin Williams is prominently spoken of for the House of Delegates. His friends are quite active in his behalf. So far there is no other candidate suggested.

County Chairman Thomas J. Pearson, after a service of about twenty-five years, resigned from the chairmanship of the committee, and resolutions of appreciation of his services unanimously adopted.

Dr. Walter P. Miller, of Newport, was elected county chairman, and the following County Committee was elected: Walker's Creek District—D. B. Carr, W. C. Hetherington and A. M. Hober; Pearisburg District—T. J. Pearson, Bernard Mason and W. L. Davis.

Pembroke District—J. T. S. Hoge, C. J. Peck and F. W. Williams.

Newport District—J. S. Dowdy, C. A. Hardwick and Dr. W. P. Miller.

The following delegates were elected to the senatorial convention: D. B. Carr, G. M. Henderson, A. J. Thompson, George Shumate, E. E. Cook, H. W. Snidow, D. J. Chapman, Minor Taylor, James Miller and George W. Lucas. Alternates—W. F. Munsey, James D. Johnston, Hugh Adair, S. H. Pack, Arthur Snidow, E. L. Buchanan, Giles M. Williams, A. L. Caldwell.

The next meeting place will probably be Richmond, at the Hotel of the Executive Committee.

Dr. C. C. of Norfolk, was chosen grand archer. W. J. Woodward, of Norfolk, and R. S. Boykin, of Suffolk, were elected representatives to the Supreme Conclave in Atlantic City.

### MISSING BOY.

Bloodhounds Sent From Suffolk to Look for Him.

(Special to The Times-Dispatch.) SUFFOLK, VA., Feb. 15.—Hurricane Branch's bloodhounds, in charge of his son, Shelley, were sent to Currituck county, in fact, the contract for this matter had not been closed. Since then, however, the important matter has been officially settled in a manner in every way advantageous to our athletic interests, and it is now an assured fact that we shall play at least two "big games" there next fall.

The first of these games will be with the University of North Carolina, on October 28th. It is thought that this game will prove a strong drawing card in Richmond, since both institutions have a host of alumni in the capital city, and the rivalry between the two teams is becoming keener every year.

### TO PLAY IN RICHMOND.

Last Wednesday night, Manager Gibbons journeyed to Roanoke, Va., for a conference with Manager Corse, of the Virginia Military Institute, in regard to next year's game. At this meeting it was definitely agreed that the next annual game will be played in Richmond on Thanksgiving Day.

On the Saturday before Thanksgiving Day the "Techs" will meet the Naval Academy at Annapolis. A comparison of the score in this game with that of the West Point game should furnish foot-ball enthusiasts at large with an interesting and valuable criterion for estimating the relative strength of the contestants in the annual game between the Army and the Navy at Franklin field in Philadelphia, one week after our encounter with "The Middies." In addition to these dates negotiations are hearing completion with several southern universities, and the completed schedule will be presented to the athletic council at its next monthly meeting on March 3d.

### CHANGE IN THE COACHING SYSTEM.

At the January meeting of the athletic council plans for a change in the coaching in football were discussed.

This announcement will come as welcome news to the student body, and all who are familiar with the superior coaching of our last year's foot-ball team, Dr. O'Connor, Dartmouth, 1902, as head coach, have been secured for the season of 1905-06, and that Dr. O'Connor will report for duty August 21st.

### THE HEPTASOPHS.

Grand Conclave at Crittenden

Meet Next in Richmond.

SUFFOLK, VA., Feb. 15.—The Grand Conclave of Heptasophs adjourned last

night at Crittenden, Va. The next meeting place will probably be Richmond, at the Hotel of the Executive Committee.

Dr. C. C. of Norfolk, was chosen grand archer. W. J. Woodward, of Norfolk, and R. S. Boykin, of Suffolk, were elected representatives to the Supreme Conclave in Atlantic City.
